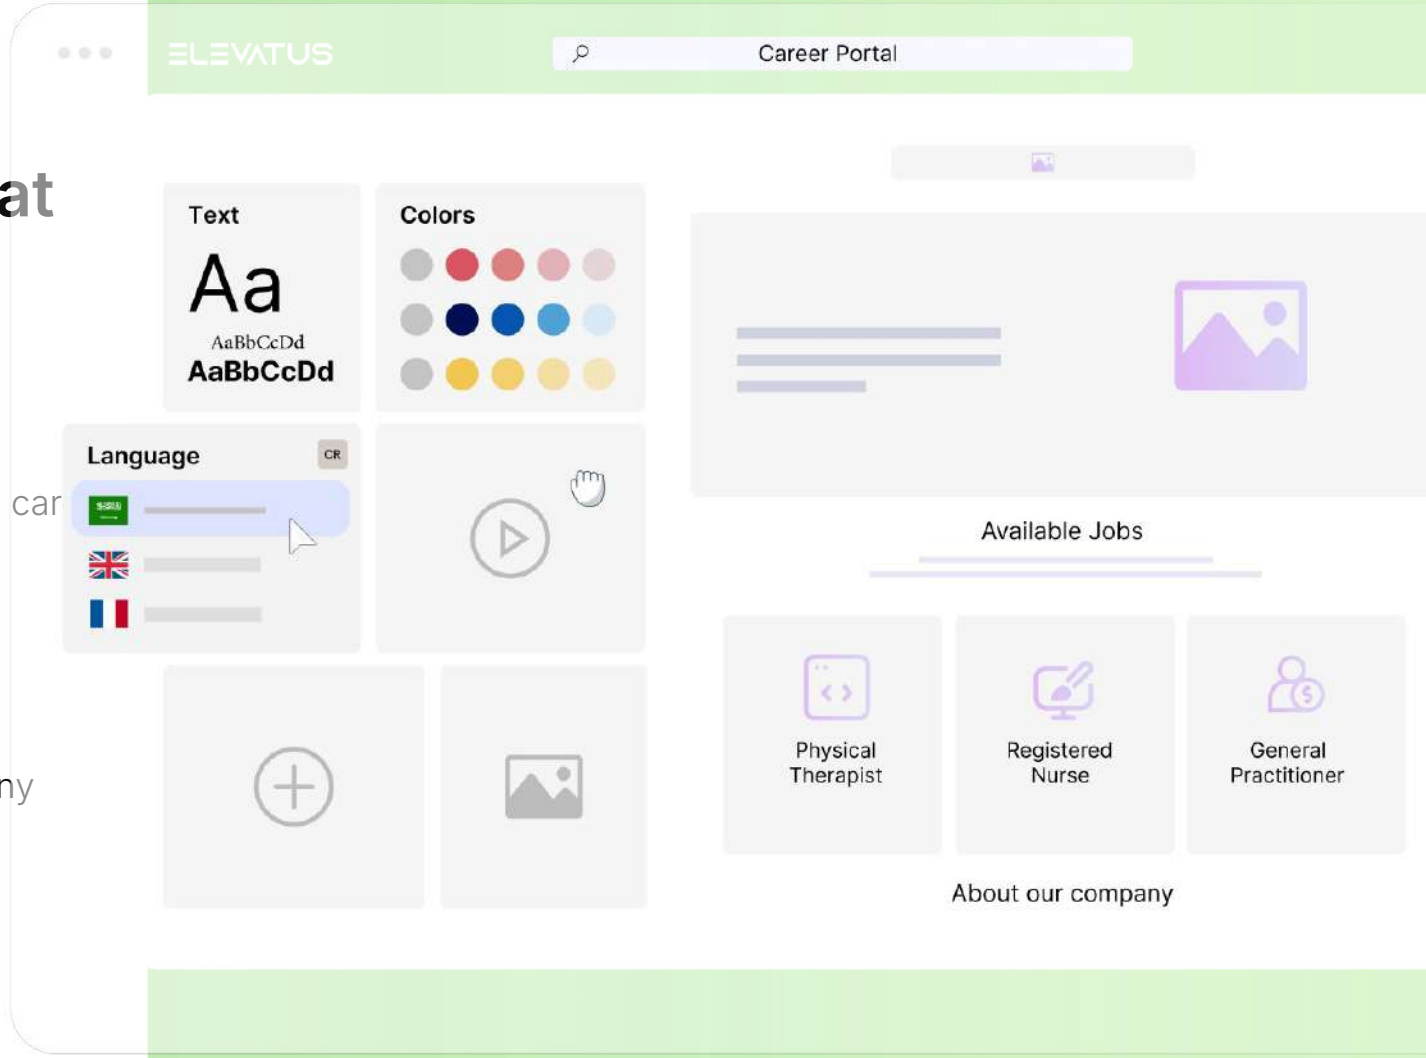
EVA-BRAND

Create a branded career page that converts

EVA-BRAND helps you build a modern, dynamic, and branded car page that attracts and converts top talent fast.

- Build your page without writing a single line of code
- Customize your career page to reflect your brand identity
- Give candidates a behind-the-scenes look at your company
- Provide candidates with a smooth application process
- Publish and go live in a matter of minutes



EVA-BRANDS' all-encompassing features

Easily onboard groups of new hires at once

Design a personalized welcome experience and integrate multiple new team members fast.

Evaluate the success of your onboarding performance

Get advanced analytics and reports that showcase your onboarding performance at a glance.

Streamline different onboarding flows

Craft a personalized and enjoyable onboarding experience for all new hires based on their job roles.

Customized onboarding surveys

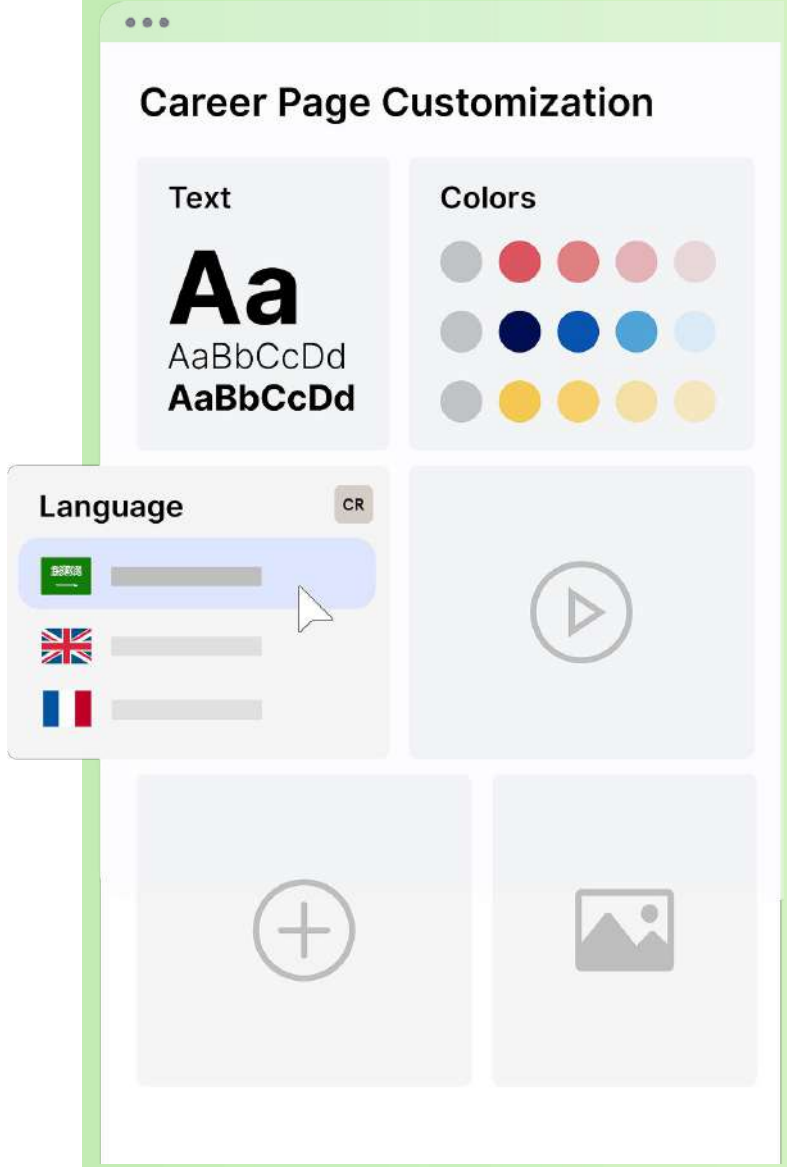
Send and build customizable onboarding surveys to create an exceptional onboarding experience for new hires.

Customize any form or document to be signed

Send new hires multiple documents that need to be signed and cleared before day one.

Delegate onboarding roles to the right employees

Save your team valuable time by automating tasks and allocating roles.

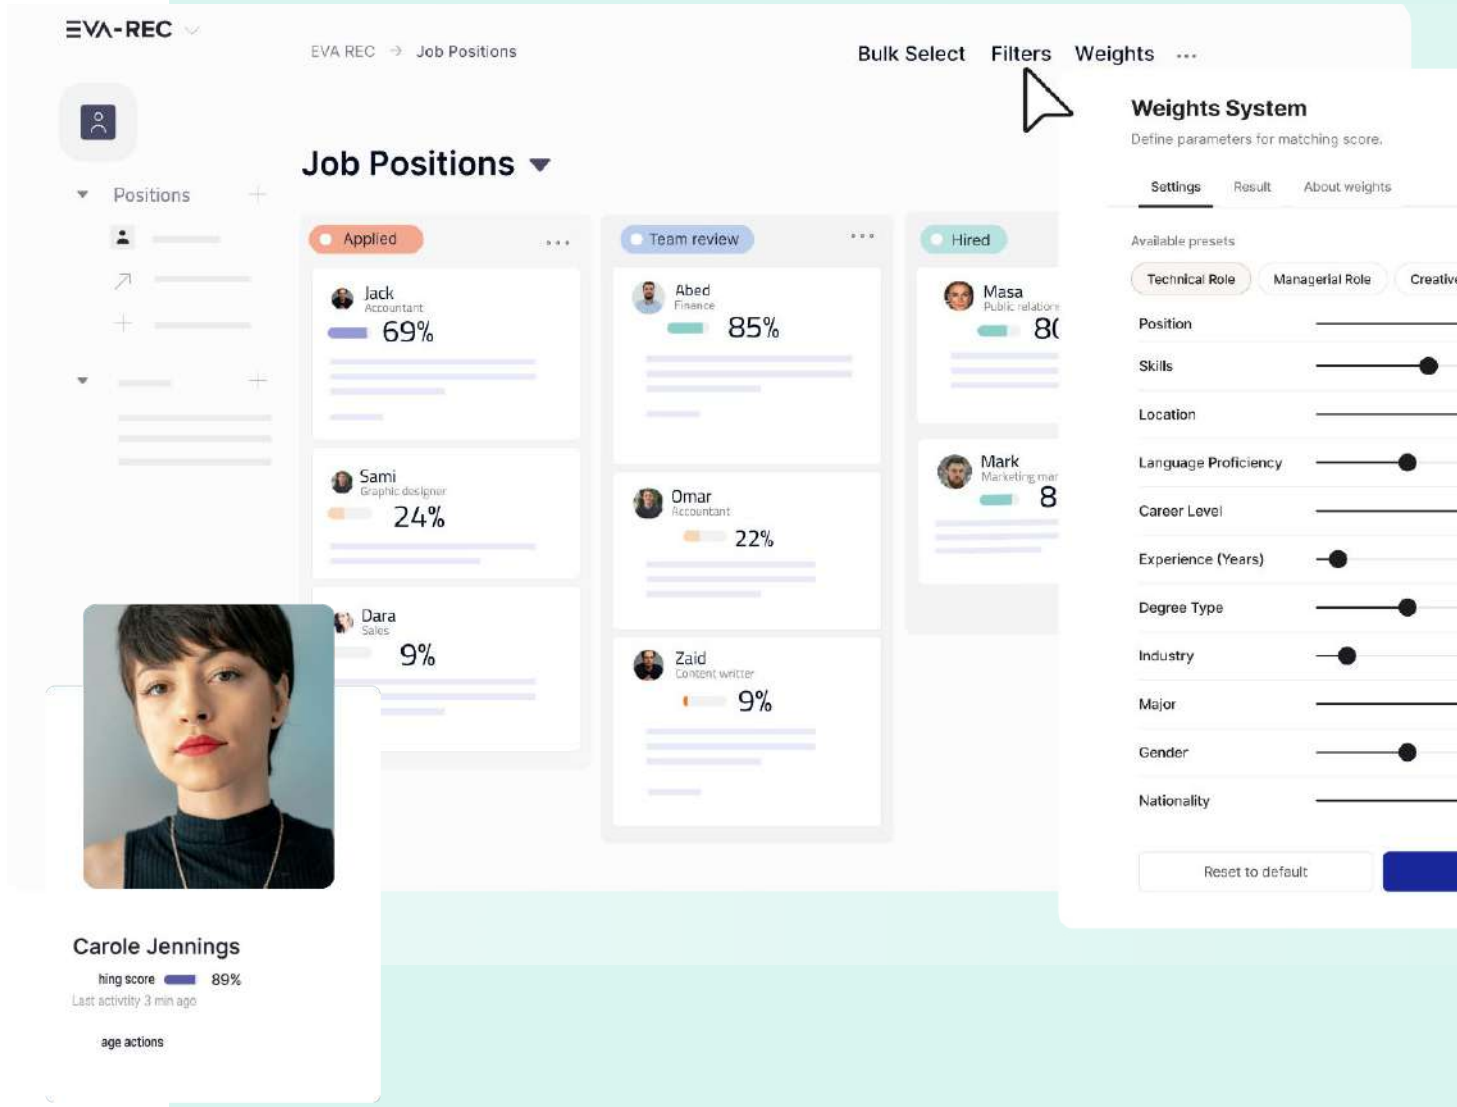


EVA-REC

Streamline the entire recruitment cycle with the #1 top-rated ATS

EVA-REC automates the hiring process, streamlines communication, eliminates admin tasks, creates a memorable hiring experience, and helps you make the right hires every time.

- Reduce recruiting costs by up to 96%
- Reduce recruiting time by 90%
- Save more than 40 hours per job posting
- Fill positions in days rather than the average 7 weeks



EVA-REC's Enterprise-Grade Features

Centralized recruitment across branches

Centralize or decentralize HR functions for your subsidiaries or branches.

Smarter approval workflows

Customize workflows and pipelines that put your enterprise's approval process on autopilot.

Employee self-service

Give employees instant access to apply to external vacancies, approvals and more.

Post-launch support

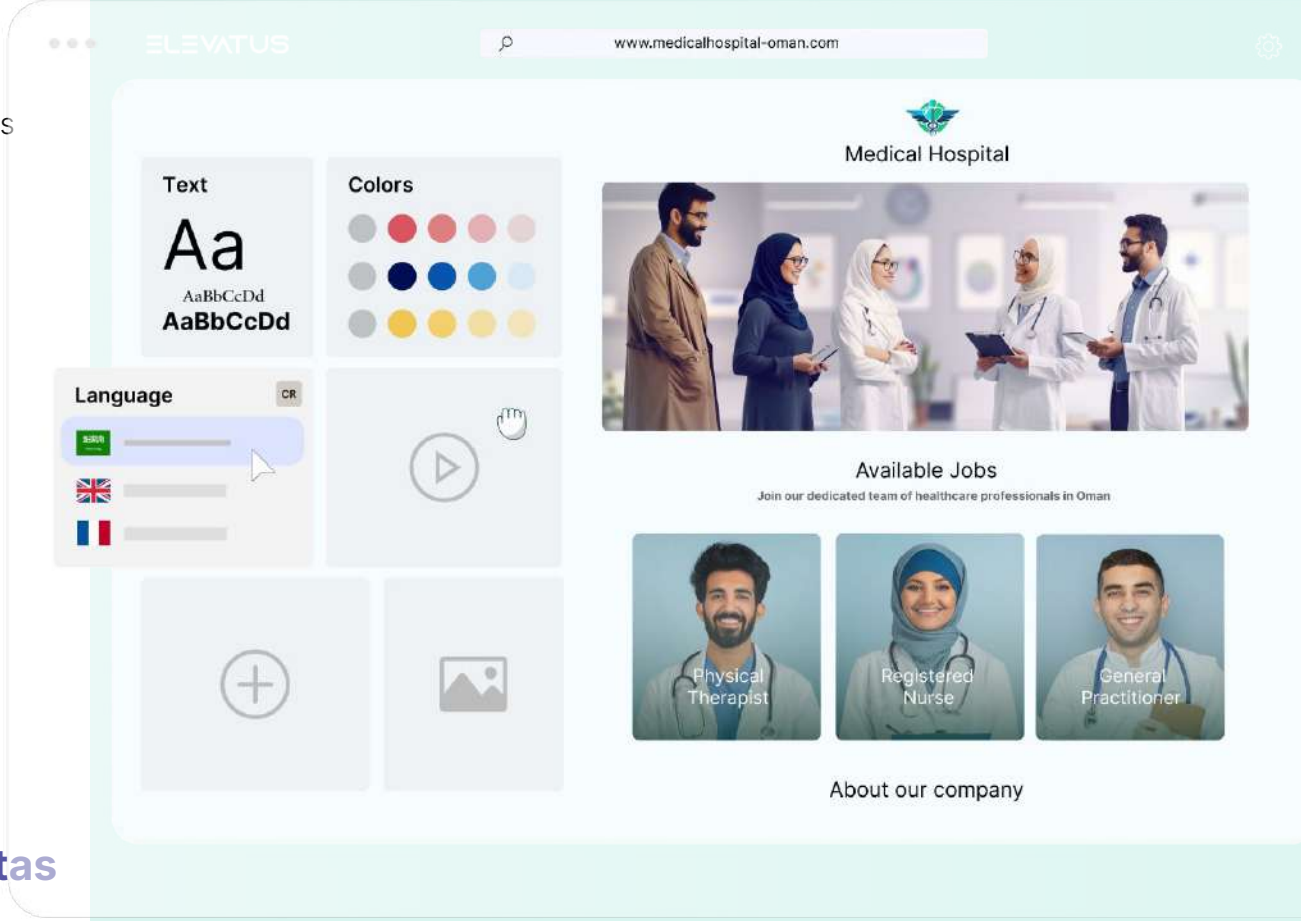
Keep communication centralized with internal departments.

Unlimited hiring processes

Create a hiring process for every category imaginable.

Keep track of visa quotas

Recruit international talent and reduce non-compliance penalties.



EVA-REC's all-encompassing features

Collaborate with recruitment agencies

Invite recruiting agencies to become part of your hiring process.

Conduct verified background checks

Mitigate the risk of recruiting the wrong candidates for your enterprise.

Build automated hiring workflows

Customize unlimited hiring workflows that meet your hiring needs.

Post jobs on 2000+ job boards

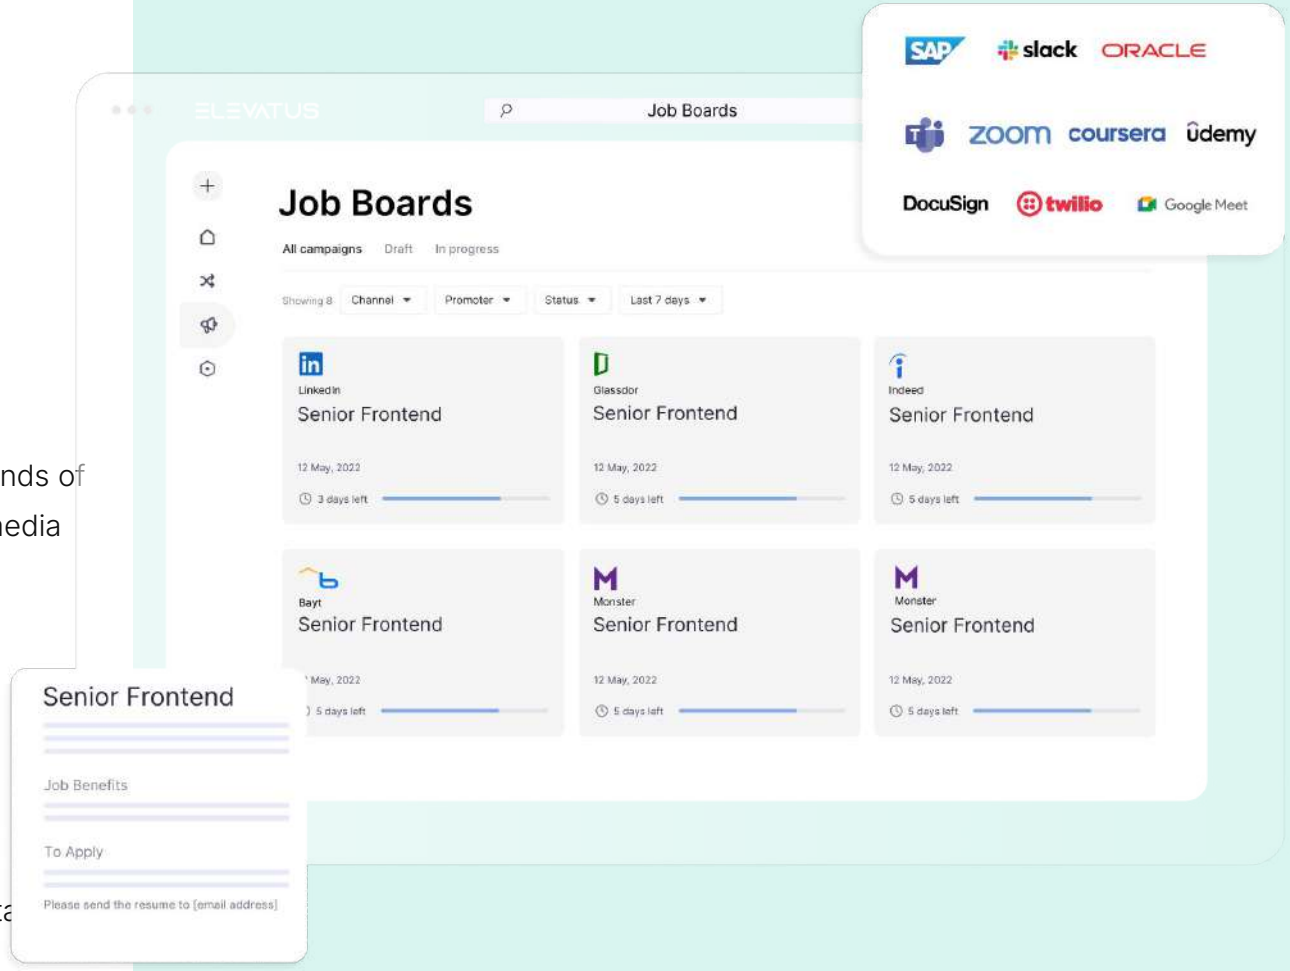
Automatically post jobs on thousands of websites, niche sites and social media channels.

Create a modern & branded career page

Create a branded career page without writing a single line of code.

Centralize your resume database

Source and search your entire data in one click.

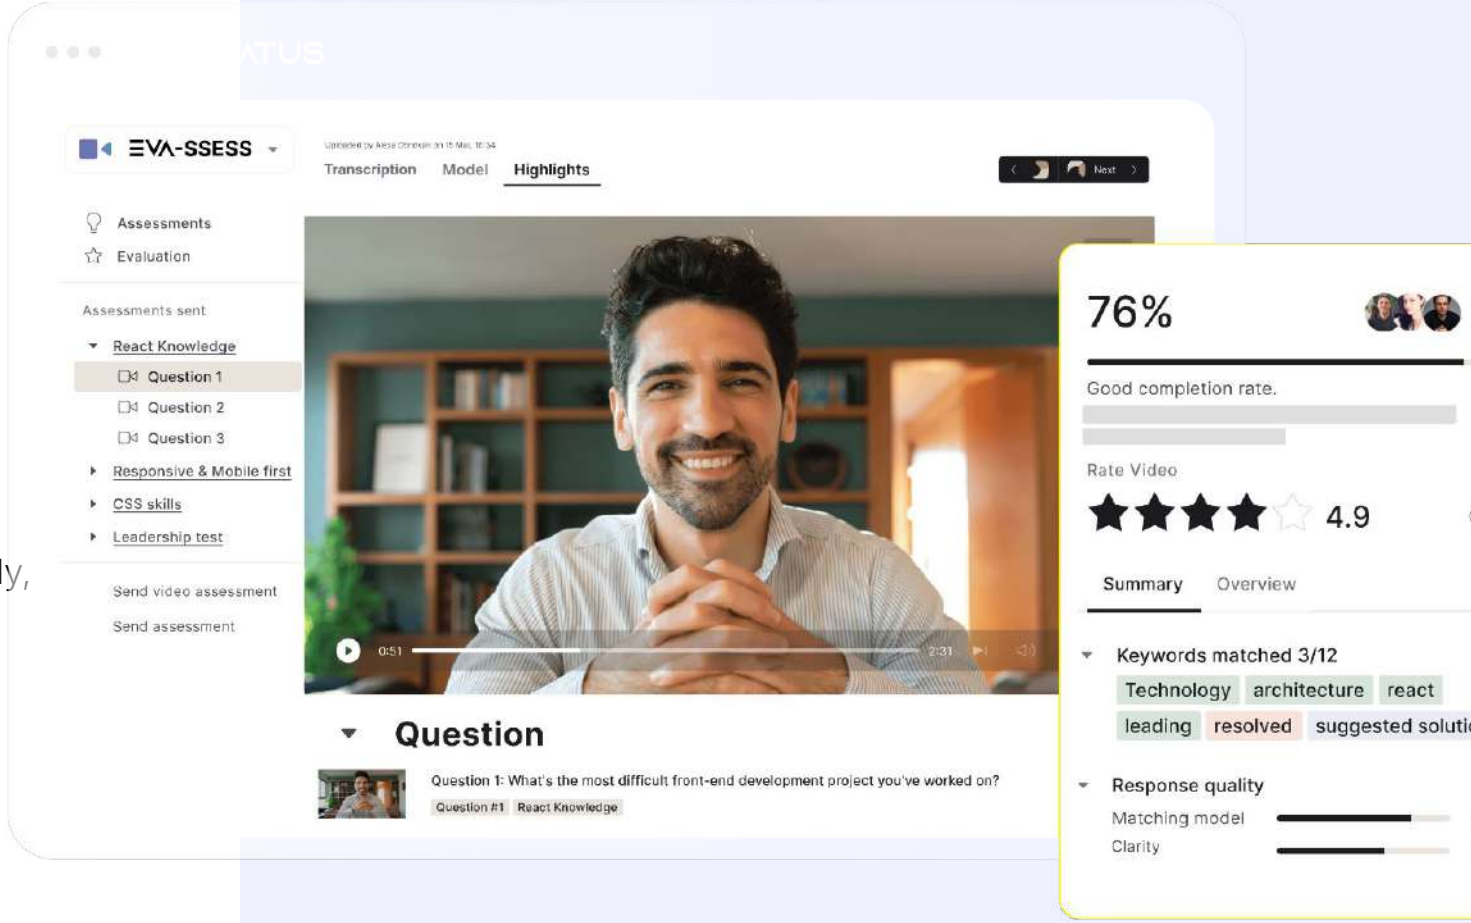


EVA-SSESS

Meet, assess, and hire top performers with an unbiased AI video interviewing software

EVA-SSESS helps you assess a large pool of applicants quickly, with structured and automated video assessments that save more than 90% of your time.

- Unravel 243 distinct personality profiles for applicants
- Speed up assessment time by 90%
- Assess 1000s of applicants in mere minutes
- Boost the screening process by more than 80%



EVA-SSESS' turn-key features

AI-Powered personality reports

Get to know your applicants better through reliable psychometric reports.

Model answer & keyword detection

Compare the relevance of the applicant's answer to your pre-set model answer and keywords.

Intelligent AI filtering

Discover job competencies at a glance with smart filtration tools.

Customizable workflows

Build dynamic pipelines and workflows that streamline your assessment process.

Integration with ChatGPT

Auto generate assessment questions, model answers and expected keywords.

Centralized team collaboration

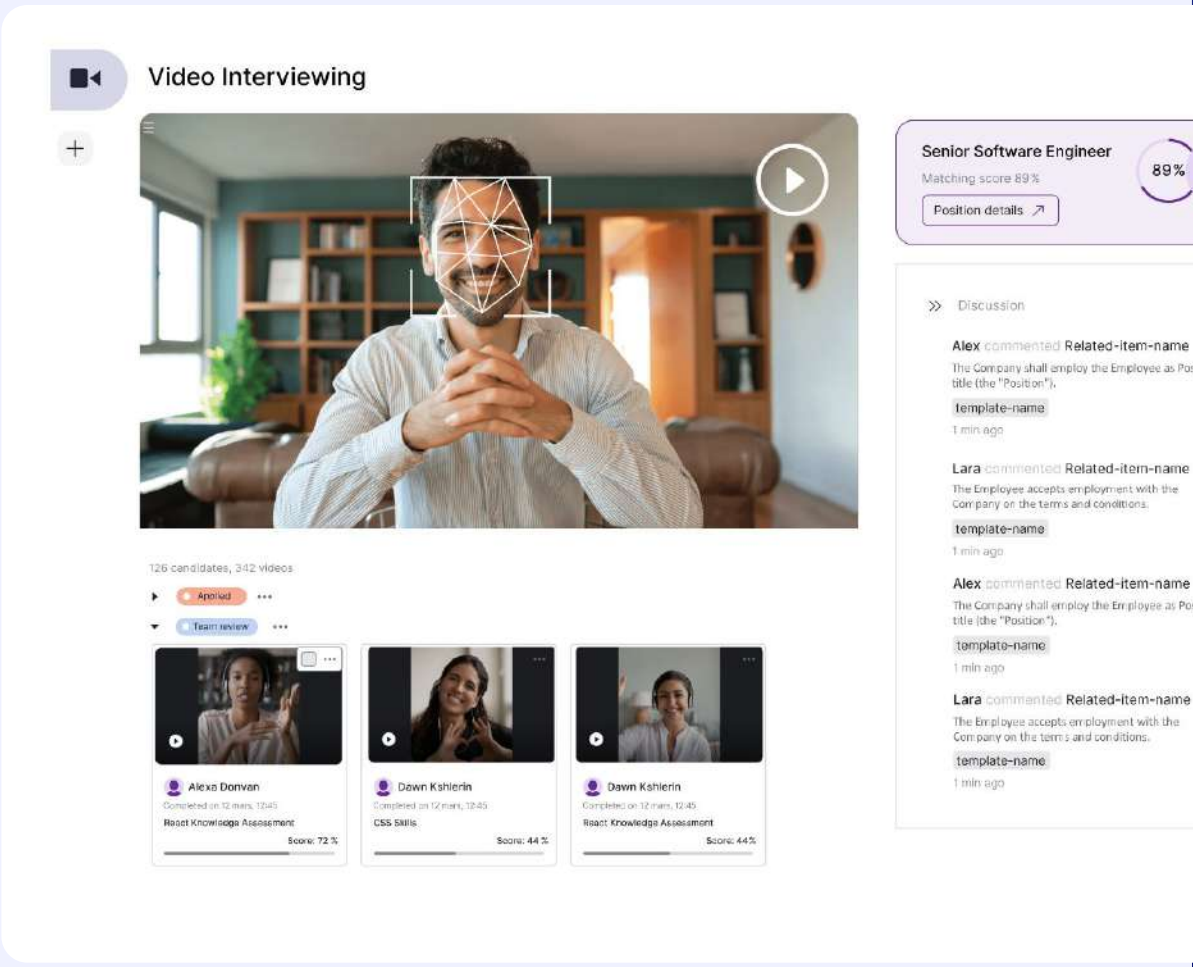
Tune in and collaborate with teammates in one place.

Multilingual technology

Assess top talent in 5 different languages including Arabic, English, German, French, and Swedish.

Best-in-class integrations

Easily integrate with top-tier hiring tools that you already use on a daily basis.



EVA-BOARD

Onboard new hires before day one with an end-to-end onboarding software

EVA-BOARD helps you onboard and nurture new hires with an innovative, dynamic, and personalized onboarding experience.
